

To Your Health: The Future is Now

Annual Fundraising Gala
Celebrating 10 years of the School of Public Health
Saturday, Oct. 10, 2009 • 6:30 PM
The Renaissance Worthington Hotel, Fort Worth, Texas

EVENT OVERVIEW:

The University of North Texas Health Science Center is pleased to present our annual *To Your Health* gala, this year celebrating **10 years of our School of Public Health**. The gala will be at the Renaissance Worthington Hotel in downtown Fort Worth on **Saturday, October 10, 2009, at 6:30 p.m.**

To Your Health: The Future is Now will be a formal, black-tie gala attended by hundreds of our alumni, friends and supporters. The evening will feature a cocktail reception, gourmet dining, fellowship, and great dance music by Watchband.

PURPOSE:

The UNT Health Science Center is committed to excellence in education, research, clinical care and community engagement.

Our School of Public Health's innovative research and nationally recognized educational programs prepare students to address the health needs of diverse communities in Texas and around the world. Our students learn critical skills in recognizing social, economic, and environmental factors affecting the health of the public. Our training equips them with the knowledge necessary to assume leadership roles in addressing our challenging public health needs.

The UNT Health Science Center is state-assisted, not state supported. In fact, less than half of our annual operating budget is provided by an allotment of tax dollars dependent on the Texas economy and skyrocketing public needs. The rest must come from clinic revenues, research grants and private gifts.

EVERY GIFT IS AN INVESTMENT IN A HEALTHIER, SAFER, AND BETTER FUTURE.

Thank you for your interest in supporting the people and programs of the University of North Texas Health Science Center at Fort Worth through our *To Your Health* gala.
