Fill out one of these forms for each type of gas cylinder you are returning.

- For Name record your name.
- For Lab record which lab the cylinder(s) are being returned from (i.e. Wordinger, Ghorpade, Cammarata, etc.).
- For Type of Gas record what gas is in the cylinder (i.e. N₂, CO₂, O₂, etc.).
- For Number of Cylinders record the quantity of cylinders for that specific gas you are returning.
- For Tag Number(s) record the ascension number from the UNTHSC tag. If that is not visible record either the tank's bar code number or serial number, both of which are found on the tank near the valve stem.
- For Account Number record the departmental account number found on the UNTHSC tag (i.e. 14100 = CGEN).
- Lastly record the day's date.
