**Ronald E. McNair Post-Baccalaureate Achievement Program
 Letter of Recommendation**

The UNT Health Science Center Ronald E. McNair Post-Baccalaureate Achievement Program has been established to prepare a select group of undergraduate students for doctoral study through graduate student mentoring, assistance, and information. The UNT Health Science Center McNair Scholars Program, funded by the United States Department of Education, serves upper-division students selected from groups that are underrepresented in doctoral programs in biomedical sciences and college teaching. To be eligible for the program, a student must be first generation college student from a low-income family and/or traditionally underrepresented in graduate education.

_____ (applicant) has applied to the Ronald E. McNair Post-Baccalaureate Achievement Program at UNT Health Science Center. We appreciate your responses to the questions below. If additional space is needed, please use the back of this form or attach a separate sheet of paper.

In what capacity have you known the applicant and for how long?

Please comment on the applicant’s academic strengths and weaknesses.

Does the applicant possess the drive and commitment to pursue graduate study and succeed in doctoral education? Please explain.

If given the opportunity and preparation, do you believe that the applicant has the potential to make significant contributions to research in his/her chosen field of study?
