GRANT TITLE:

Cancer Prevention and Research Institute of Texas (CPRIT): Individual Investigator Research Awards

SPONSOR: State of Texas

LINK: http://www.cprit.state.tx.us/pdfs/rfa_r-10-i1.pdf

GENERAL INFORMATION:

- This RFA is for innovative research proposals addressing critically important questions that will significantly advance knowledge of the causes, prevention, and/or treatment of cancer, with an award of up to \$1 million annually for 4 years.
- A PI may submit only one application.

APPLICATION GUIDELINES:

- Funds may be used for salary, fringe benefits, research supplies, equipment, clinical costs and travel to scientific/technical meetings or collaborating institutions.
- PI must have MD, PhD, DrPH, DO, DVM or equivalent, must reside in Texas during the time of research that is the subject of the grant conducted.
- Collaborations are permitted and encouraged and collaborators may or may not reside in Texas. Collaborators who do not reside in Texas are not eligible for receipt of CPRIT funds.

REVIEW CRITERIA:

- Applications that do not capture CPRIT's reviewers' attention from the Abstract (150 words) and Significance Statement (150 words) alone will not be considered for further review.
- Applications that pass the first review will be further reviewed using a two step process. The primary review will focus on scientific merit, relevance to cancer research, creativity, expertise, experience and accomplishment. The secondary review will focus on research environment, facilities, institutional support of the research team, vertebrate and human subject issues, budget and project duration.
- In an effort to improve the probability that submissions will pass the Abstract and Significance review UNTHSC's Office of Strategic Research Initiatives (sri@hsc.unt.edu) will pre-review all junior faculty member's Abstract and Significance statements for grantmanship issues.
